

RETAIL PRICE FOR 2021

This price list is retail. Prices for wholesale customers and contractors may be adjusted by agreement. Of course, quantity discounts can be arranged. For a specific offer, don't hesitate to contact us.

Individual modules, it is also possible to customize them according to your needs after agreement.

For example, if you do not need a display or keyboard in the complete ArdoPLC control unit, it is possible to supply a control unit without these modules and reduce the price accordingly. It all depends on your needs and your arrangement.

Feel free to contact us at info@arduino plc.cz
